Rév Auto at Sherwood Country Club

On June 3, the 2018 Rév Auto exhibition at Sherwood Country Club featured the “Evolution of Supercars” highlighting a 1938 Alfa Romeo 2900B Corto Touring Spider and a Jaguar XKSS originally owned by Steve McQueen. Set with an African safari backdrop, the event did not disappoint - showcasing exotic animals such as Tiny the giraffe, Capuchin monkeys and Birds of Prey. Rev Auto has donated to several local charities including the YMCA and St. Jude’s School. For more information and for tickets to future events, please visit RevAuto.org.
